

## **Weekend – Earth & Fire**

### ◆ Sunday

And it's so hard to say goodbye  
I don't know what to do  
Passing the days without you  
Friday night when I see you again  
You'll make a fool out of me  
I don't wanna be your lover  
For the weekend

### ◆ Sometimes

When I'm looking at your face  
There's something in your eyes  
That makes me realize  
We've got no chance  
If we're going on this way  
You-mean-such-a lot to me  
I don't wanna be your lover  
For the weekend

**Love, in a woman's heart  
I wanna have the whole  
And not a part  
It's strange that this feeling  
Grows more and more  
'Cause I've never loved  
Someone like you before**

### ◆ Sunday...

**Love in a woman's heart...**
